

SILVER OF QUALITY

THERE is a whole lot of difference in silver and it is not always as good as it looks. In selecting our stock we look beneath the surface. That is, we buy only goods that will stand the test. We buy from manufacturers who are willing to put their stamp on the goods and stand back of every piece they make.

Our Silver is known as the Silver of Quality—the kind of silver you want on your table—the kind of silver you would give your best friend.

If you are not familiar with our stock and the exceptionally attractive prices at which it is marked, you certainly owe it to yourself to look it over.

Bowel Complaints in India
In a lecture at one of the Des Moines, Iowa, churches a missionary from India told of going into the interior of India where he was taken sick, that he had a bottle of Chamberlain's Remedy Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.

CAPT. H. H. WATKINS
HAS ENDORSED PLAN

THINKS CAPT. GOSSETT'S
SUGGESTION AN EXCEL-
LENT ONE
SEEMS PRACTICAL

And Doubtless is Result of
Thought and Study on This
Important Question.

"I want to endorse the suggestion that Capt. Gossett made that the employers of men who want to enlist or have already enlisted in the National Guard supplement the salary they receive for this service," stated Capt. H. H. Watkins yesterday. "It is plain to all that those men who have families and who have to go will leave those at home in rather bad circumstances. Capt. Gossett's plan seems to be very practical and I believe it is one that ought to be followed. Evidently he has given thought and consideration to the problem that will confront many of the members of the National Guard. It seems like it is the duty of the employers to do this service."

"I also think Capt. Gossett is showing the right spirit," continued Capt. H. H. Watkins. "He is to be commended on his quick action and decision."

Forethought.
People are learning that a little forethought often saves them a big expense. Here is an instance: E. W. Archer, Caldwell, Ohio, says: "I do not believe that our family has been without Chamberlain's Colic, Cholera and Diarrhoea Remedy since we commenced keeping house years ago. When we go on an extended visit we take it with us." Obtainable everywhere.

SOUTH PUSHING
TO THE FRONT

President Harrison Talks of Pro-
gress in Manufacturing.

Washington, June 19.—"The South continues to push to the front in cotton manufacturing," said President Harrison, of Southern Railway company today.

"The report of the census bureau on the consumption of cotton in the month of May and in the ten months ended May 31, shows that for May,

1916, consumption in the South was 324,444 bales, as compared with 250,423 bales in the mills of all other states. The increase in the south over May last year was 22.25 per cent, as compared with 9.56 per cent in all other states.

"For the ten months the consumption in the south was 2,934,903 bales as compared with 2,400,870 bales in all other states. The increase in the south over the corresponding ten months last year was 17.93 per cent, as compared with 14.47 per cent in all other states."
